[XXXX] Continuation Sheet Attached

Brief Description of Arguments to be Presented:See Continuation Sheet

An interview was conducted on the above-identified application on _____.

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.

Brief Description of Arguments to be Presented (cont'd)

Focus on prior art rejections (issues (4) to (7)). Possible amendments to claims 1, 13, and 21 to specify:

- (1) each of the layers of catalytic material is formed as a "continuous film";
- (2) the droplet shaped bodies are formed by performing a heat treatment at "200C-500C"; and/or
- (3) the waiting phases during deposition of the catalytic material are longer than the deposition phases.
